### Superscript

- 1 Non-habitable accessory buildings or structures shall include sheds, retaining walls, gazebos, decks, etc.
- 2 Shoreline hardening, includes retaining walls, rip rap, revetments, etc.
- 3 Shoreline softening, including rehabilitation through planting, slope softening or bioengineering, etc.
- 4 Maintenance shall mean work on an existing structure where there is no change in size, location, configuration or footprint.

### Notes

- The fee schedule is reviewed annually as per the Conservation Sudbury Fees Policy. The fees policy also includes information on public notification, appeal process and calculation of fees.
- Two projects from the same category on the same property may be coupled together in the same fee category, if the applications are made simultaneously. Any subsequent projects on the same property may be charged an additional fee in accordance with the appropriate fee category. Any projects added to the scope of work following initial application may be considered separately.
- Permit fees, including deposits, are considered a processing fee and are nonrefundable.
- An application that remains inactive for 6 months is deemed to be abandoned. The applicant will be notified at least 30 days in advance of this action being taken. Any deposit is forfeited and a new application is required.
- Permits are issued for up to a two (2) year period. Significant alteration to a plan, or a change in ownership is subject to a new permit application.
- Permits issued to the municipality or the conservation authority are exempt from the fee schedule, but not the requirement to obtain a permit.
